Other information

Data Usage

Data is counted in 1MB increments and includes both uploads and downloads. After you've used your monthly Data Allowance, you will not be able to use your service until your next month's anniversary or you select a Top-Up amount, which provides you with data until your next month's anniversary.

Using Blink Overseas

The Blink Data Allowance does not include usage in countries other than Australia. As a precaution your Blink service will not work overseas unless you have contacted Customer Service and enabled international roaming. Charges for using your mobile broadband service overseas are more expensive. Also, your usage details and alerts may take longer than normal to update.

Coverage

Blink uses the Optus network and provides coverage information for the 3G & 4G services on its web site at www.blinkit.net.au/coverage-with-blink
